"We strive to use only the best ingredients in all our meals, which is why we use KAMUT® Brand khorasan wheat," explains Michael Angelo, Founder of Michael Angelo's Gourmet Foods, a family owned business with a 30-year heritage of delivering high quality, authentic Italian meals to American families. "We discovered KAMUT® wheat while in Italy and decided it was the perfect authentic ingredient to represent the taste of Italy, to the U.S market. We were really surprised to find that the KAMUT® Brand khorasan wheat originated in the US—Big Sandy, Montana—we came full circle!"

KAMUT® Brand khorasan wheat is not only rich in protein and minerals, including selenium and zinc, both powerful antioxidants, but it also contains a high percentage of lipids, taking it longer to digest and keeping you full longer. KAMUT® wheat is renowned for it's rich nutty and buttery flavor, which makes it ideal for a variety of different dishes, especially pastas.

"KAMUT® wheat is a great fit for Michael Angelo's products and we're very excited to be a part of their continuing commitment to great taste and high quality organic ingredients with these new products.," commented Trevor Blyth, CEO of Kamut International.

Michael Angelo's new ready-made meals will soon be available in local natural food stores, Sprouts Farmer's Market, Whole Foods and select Costco Stores.
